NO. 266

OVATION TO BRYAN

To-day the Nebraskan Arrives at His Lincoln Home, and Talks Some More.

SILVERITES' NOTIFICATION

Ohio Republican Editorial Association Receives a Letter from Whitelaw Reid.

SOME GOLD-BUG TROUBLE

OMAHA, Neb., September 8.—After a night on a sleeping car, William J. Bryan rose early to greet the crowd that had gathered on the platform at Malvern. There were many spectators at stations where the train stopped during the night in its progress through Iowa, but the democratic candidate was sleeping. He went to bed just after leaving Burlington, at midnight and was up again at 6:30 to meet the Malvern crowd, half an hour later. The crowd there numbered 200 and Bryan shook hands with nearly everybody in it.

Pacific Junction, Iowa, was reached at 7:30 and turned out several hundred people to see Mr. Bryan, despite the early hour. In reply to demands for a speech, he briefly addressed the crowd.

Not many minutes after he left Pacific Junction, the train crossed into his own state and at 8 o'clock was surrounded by 500 people at Plattsmouth, who gave him a welcome to Nebraska. A stand had been erected near where the train stopped and from this Mr. Bryan spoke. His train went on to Omaha, leaving him to take the local, ten minutes later. When he arrived at Omaha, 1,500 people were at the depot waiting. His reception was enthusiastic. He spoke briefly in a conversational tone, from the car steps, saying that he felt as much at home in Omaha as he did in any other place. The people here think they can shout for silver, but if he had money, he would like to bring back a few silver men from New York to teach the people here how to hush. There was no more enthusiasm here than in New York or Pennsylvania, and for every one democrat lost to the silver cause, there were sixteen republicans won.

LINCOLN, Neb., September 8.—As Mr. Bryan mounted the steps of the train at Omaha for Lincoln, he was greeted with cheers. He delivered a brief address in Lincoln, and at the conclusion of his remarks he was warmly applauded. On the trip from Omaha to Lincoln, brief stops were made at Gretna, Ashland, Greenwood and Havlock, where several hundred people were gathered to shake hands with the nominee. His second home coming since his nomination by the Chicago convention was made the occasion of an enthusiastic outburst by the townspeople and differed from his first reception here as a presidential candidate in that it was strictly partisan. It was 10:04 o'clock when Bryan's train reached the depot. Several thousand people were waiting, and a real western welcome was accorded him. Escorted by two brass bands, the Bryan fanfare club, the free-silver club, and the local reception committee, he was conveyed to his home through the principal streets. Lincoln made a holiday of the occasion and the sidewalks were crowded. A long line of carriages brought up the rear of the parade. In Mr. Bryan's carriage were Governor Holcomb, and Chairman Groot, of the silver notification committee.

The program of the national silver party's notification, to Mr. Bryan, of his nomination, and other exercises here to-day, was decided on just before noon. A parade will escort Mr. Bryan to the state house at 2 o'clock and the presidential nominee will deliver an address. At 3 o'clock this evening Chairman Groot, of the national silver party, will officially notify Mr. Bryan of his nomination and the latter will respond. These exercises will also be at the state house.

Market Weak and Lower. WALL STREET, NEW YORK, N. Y., September 8.—Business was resumed at the stock exchange this morning with a weak and lower market. The decline at the opening ranged from $\frac{1}{2}$ to $\frac{1}{4}$ per cent. and was quite general. Sugar, Manhattan and Chicago gas, however, scored the greatest losses.

The Goldites' Notification. LOUISVILLE, Ky., September 8.—The notification of Palmer and Buckner will take place at the Auditorium at 7:30 o'clock, Saturday night. The committee on arrangements are now at work on the program. On that evening special trains will be run from every city and town within 800 miles.

German-American Gold Bugs. ST. PAUL, Minn., September 8.—A largely attended state conference of German-American "sound money" advocates opened this morning at Mozart hall. Its purpose is to discuss the political situation among the German-Americans of the state, and the needs of the campaign in each locality. Tonight the conference will close with a mass-meeting.

Illinois Gold-Bugs. CHICAGO, Ill., September 8.—The gold democrats' state central committee met to-day to take action on a nomination for a candidate for governor. It is understood that Gen. J. C. Black, who was named by the state convention, declined the nomination, and that the committee is looking for another man. Neither General Black nor the members of the committee would talk for publication this afternoon.

OHIO REPUBLICAN EDITORS.

Editorial Association in Session at McKinley's Home City.

CANTON, Ohio, September 8.—The republican editorial association of Ohio met in Elks' hall, this morning. John Hopley, of Bucyrus, presided. Canton was fixed upon for the meeting place, because it is the home of the presidential candidate, supported by the editors' association, in order that a formal call might be made upon him. About two-thirds of the republican editors of Ohio are present. When it was announced by Col. Brown, president of the association, that he had a letter from Whitelaw Reid, of the New York Tribune, there was an outburst of cheers. The reader was frequently interrupted by applause, and at the close of the reading, Hon. J. M. McKee moved that a vote of thanks be given Mr. Reid, which was unanimously carried. The document is a tirade against silver and the silverites, with a reference to the eighth commandment, which he declares no party has a right to put to a popular vote. He adversely comments on the various planks of the platform adopted by the Chicago convention.

The United Typothetae. ROCHESTER, N. Y., September 8.—The annual convention of the United Typothetae of America was called to order, this morning, in the large hall of the chamber of commerce, by Hon. E. H. Andrews, of this city, the returning national president. The reports of the officers will show that there have been no serious differences with employees during the past year. This afternoon there was a trolley party for visiting ladies, and to-night the delegates will be tendered a reception.

Council of Red Men. MINNEAPOLIS, Minn., September 8.—For the next four days the national council of the Improved Order of Red Men, one of the oldest secret societies in the United States, will be in session in this city. To-night, the delegates will be welcomed by the state and city officials. Probably the most important proposition is that which contemplates a change in the constitution, making persons thirty years of age eligible for membership. Some alterations may also be made in the ritual.

The Sons of Veterans. LOUISVILLE, Ky., September 8.—The annual session of the grand encampment of the Sons of Veterans opened, to-day, at Music hall, with delegates present from every state in the union. The proceedings are conducted with closed doors. The grand parade of uniformed camps takes place to-morrow and the prize drill on Thursday. The national board of Ladies' Aids will also be in session during the week.

Call for Republican County Convention. Headquarters of Republican Central Committee, of the County of San Miguel, Territory of New Mexico, Las Vegas, N. M., September 8th, 1896. A convention of the republican party of the county of San Miguel is hereby called to meet at the city of Las Vegas, on Monday, the 15th day of September, A. D. 1896, at 10 o'clock a. m., for the purpose of electing delegates to represent the county of San Miguel at the Territorial convention to be held in the city of East Las Vegas, N. M., on the 28th of September, A. D. 1896.

The said Territorial convention being for the purpose of nominating a candidate for delegate to represent the Territory of New Mexico in the fifty-fifth United States Congress, the various precincts will be entitled to delegates as follows:

Precinct committees are instructed to make all proper arrangements for the holding of precinct conventions, or mass meetings of republicans and the selection of delegates. Under existing rules, alterates are not allowed, and proxies cannot be recognized, unless held by a resident of the same precinct as the delegate for whom the holder of the proxy acts. The county convention will be composed of delegates chosen at precinct mass meetings. Precinct mass meetings must be held not later than Thursday Sept. 17th, 1896. The chairman and secretary of precinct meetings will certify the list of delegates elected, to the chairman of the county central committee immediately after the election. By order of the republican central committee. JOHN S. CLARK, Chairman. J. HILARIO MONTAÑA, Secretary.

If you want to buy or sell cattle, wool or sheep, don't fail to go or write J. Minnam, wool and live stock broker, East Las Vegas, New Mexico. He will save you money. 223-6-314

DOWN IN ARKANSAS

The Democrats Didn't do Much But Carry the State by 55,000 Majority.

MARRIAGE OF VOLUNTEERS

Some Important Resolutions Being Considered by the British Trades Congress.

COMBINATION IN TEXAS

LITTLE ROCK, Ark., September 8.—Monday's state election was a veritable democratic tidal wave. According to the latest count, Col. Dan W. Jones was re-elected governor by a majority of 55,000. This would be an increase of 14,000 over the vote of four years ago and of 7,000 over two years ago. No disturbance occurred anywhere during election day.

A Reign of Terror. SPRINGFIELD, Ky., September 8.—Citizens of this place are badly frightened over the threat of a mob to burn the town if any one attempts to arrest them. Two buildings have already been burned. Business is practically suspended and armed men are patrolling the streets.

A Marriage of Volunteers. NEW YORK, N. Y., September 8.—There is a bustle of preparation at headquarters, this morning, over the final preparations for the first wedding to occur in the ranks of the volunteers. The bride-elect is Miss Pattie Watkins, commanding the New York and New Jersey regiments, while the groom-elect, Frederick A. Landsey, has been her private secretary. Three years ago he held a responsible position in a big New York store. He was converted under her influence, and became a member of the army. Commander and Mrs. Booth will officiate to-night.

A Great Combine in Texas.

FORT WORTH, Tex., September 8.—Fusion of the populists, gold democrats and republicans will be effected and ratified at the state republican convention and annual meeting of the state republican leagues to-day. According to the plan, the republicans are to support the populist state ticket, the populists will support republican electors, and the gold democrats will be given the combined support of both parties for congressmen. At the last election, Governor Culberson received 241,682 votes, while the republicans and populists polled 219,552. It is claimed that the sound money element of the democracy is this year no small factor.

THE TRADES CONGRESS.

Some Important Resolutions Being Discussed in Edinburgh.

NEW YORK, September 8.—An Edinburgh dispatch says: At the second day's session of the Trades Congress, a number of additional resolutions were placed on the program. One from the railroad employees asked for an eight-hour law and a shaking up in the matter of government inspection, with a view of reducing the number of accidents. Several resolutions bore on the fact that the government is not paying union wages in many branches of work. An early store-closing law was asked for, and J. H. Wilson, M. P. introduced a motion demanding the government for refusing to carry out the fair wages resolution passed by the house of commons five years ago. Perhaps the most important resolution, however, was one requesting the parliamentary committee to ascertain whether their members would be willing to subscribe one penny quarterly to a fund supporting real trade union candidates, pledged to neither the Tory nor the Liberal party.

Representatives of the A. & P. and the Atchison are to hold a meeting to-morrow in Chicago to come to the conclusion whether or not they will put on new trains and make it as it was in former days.

A. O. U. W. Stockholders. EAST LAS VEGAS, N. M., September 8.—The annual meeting of the stockholders of the A. O. U. W. Real Estate Investment Co. for the election of directors for the ensuing year and the transaction of any other business which may properly come before the meeting, will be held at A. O. U. hall, Wyman's block, Tuesday evening September 15th, 1896, at 8 o'clock p. m. Geo. W. Noyes, 290-102 Secretary.

TRACK AND TRAIN.

Business on the road is on the increase. Jas. Purcell has been promoted to night mail man.

J. J. Kinney and Frank Harris, special agents, came in from the north, last evening.

A box car evidently set on fire by tramps was the cause of the fire department being called out yesterday.

C. H. Bristol, chief dispatcher at Raton, will take a few days off and visit his gold properties at Hopewell.

Operator H. T. Flint, of Hutchinson, Kansas, will do service in the office here for a few days, during the absence of J. E. McMahon.

Dispatcher J. E. McMahon, who has been working a few days in the Las Vegas office, leaves to-night, for Raton for a few days in the dispatcher's office.

There is a heavy stock movement on the southern Kansas and Panhandle divisions which takes all the extra cars that can be picked up along the line.

Fred. Erb and wife, late station agents at Chappell, passed through, last evening, en route from Trinidad to Hopewell, where they will remain some time.

There are several hundred car loads of sheep and cattle to be moved from the Rio Grande division, which will make business good here for awhile.

Since the inauguration of a schedule of engine and valve oil to be used on engines, there has been much competition among the engineers running out of Topeka to secure the best record. The schedule stated that not more than one pint of valve oil should be used for every 150 miles, but this distance has been multiplied several times by many of the engineers.

Engineers Charles Sharp, William Rain and William Frisbie are now at the head of the list, each having made during the past month over 1,000 miles for each pint of valve oil used.

ECONOMY IN PAPER.

The fine white sheets of paper bearing the company heading no longer do duty in the correspondence of one Atchison official to another, or of one department to another department. The theory of economy in details has invaded the stationery department, and now only blank sheets of manilla paper are used in company correspondence. C. M. Higginson, assistant to President Ripley, is responsible for this move. It is expected that by using the better paper only in correspondence with foreign lines or outside individuals and substituting the manilla paper in company work, that several hundred dollars per month will be saved. A similar plan is now in operation on the Union Pacific and C. & B. Q. roads.
